

I'm writing in response to LPFM. I'm concerned that the K-Love station will be taken off the air, please don't let this happen. This station is my life line, it motivates and encourages me everyday, on the way to and from work. It would be a huge loss to this community if K-Love were to be taken off the air; the station impacts so many people in the area. Please reconsider LPFM so that K-Love and stations like it can remain on the air and continue to influence and uplift their listeners. Thank you, Tisha Rice.
